HOWTO create a SDCC Wiki account

If you want to contribute to SDCC Wiki you need an account. Please send a request to [sdcc-user](#) or [sdcc-devel](#) mailing list.

Self registration was disabled due to spam attacks.
Sorry for the inconvenience :-(

SDCC - Small Device C Compiler Wiki

This Wiki has been set up to track

- SDCC releases, including requirements, targets, the plan and current status
- SDCC development related documentation

Future [SDCC 3.7.0 Release](#)

[Current Development](#)

[SDCC Library Licenses](#)

[SDCC ASXXXXX License](#)

[User Documentation](#)

- [Standard compliance](#)
- [Sdcc Tutorial](#)
- [z80/z180/r2k/r3ka/gbz80 port](#)

TODO Lists

- [Borut's TODO list](#)
- [Maarten's TODO list](#)
- [Raphael's TODO list](#)
- [user's suggestions TODO list](#)
- ["Philipp's TODO list" Z80 port improvement - Philipp's TODO list](#)
- [z80 code size](#)
- [hc08 code size](#)
- [stm8 code size](#)

Developer Documentation

- [SDCC coding style](#)
- [SDCC library source file license header](#)
- [SDCC Snapshot Builds](#)
- [SDCC Regression Testing](#)
- [HOWTO Create a SDCC Branch](#)
- [Creating SDCC release binary archives from snapshot builds](#)
- [SDCC internals and porting](#)
- [HOWTO Make Snapshot Builds on the Developer Machine](#)
- [Distributed Compile Farm](#)
- [Builtins](#)
- [Macro system design](#)
- [Random notes about sdcc and how it works](#)
- [CDB File Format](#)
- [List of changes between GCC cpp and sdcpp](#)
- [Additional libraries required for SDCC compilation](#)
- [HOWTO Configure Fedora 11 x86_64 for SDCC i386 builds](#)
- [Running SDCC regression tests on mingw build](#)
- [Hardware vendor relations](#)
- [8051 variants](#)

How-To

- [Compile and link a bootloader using SDCC](#)
- [Visually debug for 8051 under Windows using DDD/SDCDB/S51](#)

History

- [SDCC history](#)
- [SDCC AS and LINK history](#)
- [SDCPP history](#)

Old Releases

- [SDCC 3.6.0 Release](#)
- [SDCC 3.5.0 Release](#)
- [SDCC 3.4.0 Release](#)
- [SDCC 3.3.0 Release](#)
- [SDCC 3.2.0 Release](#)
- [SDCC 3.1.0 Release](#)
- [SDCC 3.0.0 Release](#)
- [SDCC 2.9.0 Release](#)
- [SDCC 2.8.0 Release](#)
- [SDCC 2.7.0 Release](#)
- [SDCC 2.6.0 Release](#)
- [SDCC 2.4.0 Release](#)

Obsolete documents

- [Old SDCC Snapshot Builds on discontinued SourceForge Compile Farm](#)
